

Rosa International PTA

Welcome back to school!

Which one of these facts is TRUE?

1. School budgets cover everything that student's need in school.
2. Middle school's always keep their parents informed of everything going on in school.
3. When it's time for middle school, parents can totally back off from being involved in the school lives of their kids.
4. Communications couldn't be better between parents, students, teachers and school administrators.
5. Your mere \$14 investment and support of the PTA will help all of the above.

The true one? #5. The PTA is one of the most important links in the communication and financial support chain here at Rosa. We help keep you informed about the things kids sometimes forget, and help finance many of the social and cultural things the kids do.

So what do we need from you?

1. \$7 per adult in your household as membership. Just \$14 for both parents – that's all!
2. Your contact information so we can keep you in the loop.
3. Your support and involvement – if and when you can. There are lots of different ways both men, women and teachers can be a part of what we do.

What will you get back? See many of the benefits on the sheets at the back of this information packet. Plus – one more: *a better, more connected year with your Rosa community.*

Complete the area below to show your support of your Rosa loved ones.

With much appreciation,

Lisa Farkas

Rosa PTA President
