

Cherry Hill School District Reassessment Policy as applied in Mr. S's class –

“As long as a student *provides reasonable effort* leading up to a quiz/test, they are permitted to reassess such tasks in order *to achieve a satisfactory grade.*”

To be eligible to reassess, you must meet both of these requirements:

Reasonable effort – No more than **ONE** homework/classwork/lab assignment leading to the quiz/test in question can have been “not attempted” (denoted as MISSING or a grade of zero on ProgressBook).

Below a satisfactory grade – You must have scored BELOW a “C” (70%) on the quiz or test and *you also can not raise your grade any higher than a 70% when you reassess.*

(In some rare cases, I will make the qualifying/ceiling grade an 80%.) The reassessment policy was not created for you to raise your grade to the level you desire!
